

OCEAN EAGLE 43 MH

OCEAN EAGLE 43 MH is the mine hunting version of the Sea Proven Ocean Eagle 43. The mine warfare operating mode is based on the use of autonomous or remote operated vehicles embarked on the OCEAN EAGLE 43 MH as a Mother Ship. Operations are then conducted at safe distance from the vessel. Detection of the Mines at long range improves the safety for the Mother Ship, assures the integrity of the crew and ensures the success of the mission.
